

Membership Levels in the National Space Club (Updated October 30, 2008)

The National Space Club is the foremost entity devoted to fostering excellence in space activity through interaction between industry and government, and through a continuing program of educational support. Through its programs, activities, and awards, the Club works to promote space leadership and youth education activities. The active involvement of senior members of government, industry and academia serves to stimulate a range of activities focused on these objectives.

While your support and assistance helps the Club to achieve its stated purpose and objectives, your membership returns many additional benefits, including opportunities to:

- broaden your association in astronautics and related fields;
- participate with others in support of our nation's space policies;
- keep abreast of the latest activities in the field of astronautics and related sciences; and
- Receive discounted rates at program, receptions and functions in support of space activities and events.

Membership dues are renewable annually (August 1 to July 31). Dues for new members joining at other times of the year will be pro-rated to the nearest quarter.

Individual Membership

U.S. citizens are able to join as individual members:

- Individuals (\$30/year) – allowed to purchase a table or seats at the discounted member rate at the annual Goddard Memorial Dinner

Other benefits given to all individual members:
